Instructions

Module Name: Advanced Java

Module Code: JD522

Assessment Type: Group Activity 1

Total Mark Allocation: 50 Marks

1. No material may be copied from original sources, even if referenced correctly, unless it is a direct quote indicated with quotation marks.
2. No more than 10% of the assessment may consist of direct quotes.
3. No assessment with a similarity index of more than 25%, even if the sources are referenced correctly, will be accepted.
4. Make a copy of your assessment before handing it in.
5. All assessment must be typed unless otherwise specified.
6. All work must be adequately and correctly referenced.
7. This is a group assignment.

Question 1

Create a Registration Form in a Windows Forms application using Swing in Java. The NetBeans IDE is used to create this application.

1. After clicking on the "clear" button the contents will be cleared as in the following.
2. After clicking a submit button a message box should display with the following message "Data Saved Successfully"

The screenshot shows a Java Swing window titled "Registration Form in Java". Inside, there's a form titled "Registration Form in Windows Form:". The form has the following fields and values:

- Name: Sandeep Sharma
- Email-ID: sandy05.1991@gmail.com
- Create Password: (masked with dots)
- Confirm Password: (masked with dots)
- Country: India
- State: U.P
- Phone No: 9717789441

At the bottom of the form are two buttons: "Submit" and "Clear". A "Message" dialog box is overlaid on the form, displaying the text "Data Saved Successfully" with an "OK" button.
